

SEBASTIAN HÖLL

PROFILE

I am a sociable individual who thrives in team settings and is always ready to take on leadership roles when necessary. With 14 years of experience in ice hockey, I have developed a strong understanding of teamwork, discipline, and commitment. I also have a passion for creating business plans and occasionally enjoy bringing those ideas to life. Overall, I am adaptable and find great satisfaction in building connections with others, whether in a competitive sports environment or the professional business world.

EDUCATION

Gymnazium U Libeňského zámku (2020-2024)

Prague, Czech Republic

International Baccalaureate (2021-2022)

Esbjerg Gymnasium, Denmark

Multimedia Design AP Degree (2024-2026)

Prague, Czech Republic

COMPUTER SKILLS

I graduated High Scholl in Information Technology, where I specialized in creating websites. I did this through coding, which is the most fundamental and also the most challenging way, so I have extensive experience working with computers. I also had to create my own logo and essentially the entire structure of the websites here, and thanks to coding, I was able to craft my own design.

SPARETIME

In my spare time, I am passionate about traveling. Whenever possible, I make it a priority to explore new countries, meet new people, and immerse myself in different cultures. Traveling allows me to gain unforgettable experiences and expand my perspective. Additionally, I am a dedicated ice hockey player, which provides me with the opportunity to connect with people from all over the world. Through both my travels and hockey, I have been able to build meaningful relationships and learn valuable lessons that continue to shape my personal and professional life.
