

# SEBASTIAN HÖLL

## ABOUT ME

I'm a sociable person who thrives in team settings and isn't afraid to take the lead. With 14 years of experience playing ice hockey, I've learned the value of teamwork and dedication. I also enjoy crafting business plans and occasionally bringing them to life. Overall, I'm versatile and enjoy connecting with others, whether it's on the ice or in the business world.

## EXPERIENCE

### 2022 - Present Day

#### Business plans

- My father is a successful businessman, and he's my role model. I strive to follow in his footsteps. That's why since I was 18, I've been brainstorming business ideas to make a fortune. So far, I've made a living by reselling shoes, which was quite profitable, as well as establishing a network for selling fragrances that were unavailable in the Czech market. Trading is in my blood, and I'm not afraid to take risks.

### 2021-2022

Esbjerg, Esbjerg Gymnasium Denmark

#### International Baccalaureate (IB)

- At the age of 17, I made the decision to try something new and explore the world. I packed my belongings, applied to the IB program at Esbjerg Gymnasium, where I was accepted, and set out on my journey of discovery. During my time at Esbjerg Gymnasium, I also played hockey. I got my own apartment, where I lived alone. I had to take care of myself, commute to school, cook for myself, and complete numerous assignments. It has been the best decision of my life so far, and these experiences are something that nobody can take away from me.
